WHY:

Your sponsorship helps cover the t-shirt costs & other event fees so that the money made from the ticket price can directly support survivor services. All additional funds will directly support the center.

Many survivors of sexual violence can feel powerless when left in the aftermath of that horrific & violent crime. And for a survivor of sexual violence on the path to healing, the uncertainty of the world does not distract – it only adds to the anxiety and pain. This is why essential services like trauma-informed therapy and a 24/7 crisis hotline are so important right now. And NWCASA staff are still providing these crucial services for free to the communities we serve.
